Performance Fee Information

If Credo Dance Academy is performing at the end of the semester, there will be performance fees that are additional and they are based upon the number of classes a student takes. There will be no more than 2 performances per year that have fees. (Other opportunities to perform may arise but they will be instances where we are not renting a venue and buying new costumes so there are no expenses to participants.) We will notify you of upcoming performances early in the semester and you will have no less than three weeks after notification to make your full payment to participate.

We are providing a performing arts education. If students don't participate in performances, they don't get the full experience. We encourage everyone who is able to perform.

Performance Fees are as follows:

- \$100 -- Students performing in one costume
- \$120 -- Students performing in two costumes
- \$140 -- Students performing in three costumes
- \$160 -- Students performing in four costumes
- \$180 -- Students performing in five or more costumes

I understand my financial responsibilities to Credo Dance Academy.
